May 9, 1954

Mr. J. Edgar Hoover,  
Federal Bureau of Investigation,  
Washington, D. C.

Dear Mr. Hoover:

Sometime ago a small group of us got together and incorporated under the laws of New York for non-profit corporations, a small corporation which we called the "Alliance, Inc." There are only three people who are actually running it at present, Mr. George Montgomery, Mr. Zygmund Dobbs, and myself.

The main purpose of this organization is to collect factual data on communist infiltration and communism in general and supply such data to people who were in the fight against communism. We have also endeavored to get various groups and organizations who were fighting communism and extreme left-wing policies in the United States in contact with each other so that they could exchange views and give each other mutual help.

So far we have succeeded in a small way and even, at times, have had the honor of seeing some of your operatives and presenting them with various documents which they and we thought would be of interest to them. This effort was financially supported by Mr. Montgomery and myself, and Mr. Dobbs gave his time freely for the research work involved. We had a couple of typist, file-clerks and a small office on nineth Street.

A couple of weeks ago I sent out three appeals for funds and I enclose a copy of those appeals which are self-explanatory.

I am extremely anxious that the Federal Bureau of Investigation should know about our objectives and to let you know that we wish your bureau to have access to any and all of our files. In fact, we would appreciate it if one of your operatives would have time to look it over as we do not wish to be infiltrated in any way and we wish to do a good workmanlike job.

PAGE FOUR.

HOWEVER, ABOUT FOUR WEEKS AGO HE STATED HE MAILED OUT A PUBLIC APPEAL FOR FUNDS TO MANY PERSONS INCLUDING A LIST OF SUPPORTERS OF THE LATE SENATOR ROBERT TAFT, OF WHICH HE WAS ONE, AND TO DATE HE HAS RECEIVED ABOUT \$4000. HE ADVISED ALLIANCE HAS NO INVESTIGATOR AND AT PRESENT HAS ONLY TWO PAID GIRLS DOING CLERICAL WORK. HE RELATED THE BACKBONE OF THE ORGANIZATION IS THE DOBBS LIBRARY WHICH CONTAINS COLLECTIONS OF INFORMATION AND PERIODICALS OF COMMUNISM FROM 1930 TO THE PRESENT. MR. ROOSEVELT STATED THAT HE WANTED TO MAKE ALL THE INFORMATION HE HAD AVAILABLE TO THE FBI AND ANY OTHER PERSONS OR GROUPS THAT ARE COMBATING COMMUNISM. HE EXPRESSED HIS ADMIRATION FOR THE WORK OF THE BUREAU AND STATED HE WANTED MR. HOOVER TO KNOW WHAT HE WAS DOING AND HOW HE WAS DOING IT AND WHO WAS WORKING WITH HIM. THE JURISDICTION OF THE FBI IN SUBVERSIVE MATTERS WAS POINTED OUT AND DISCUSSED WITH MR. ROOSEVELT AND HE STATED THAT IF ALLIANCE, INC., RECEIVED ANYTHING PERTINENT TO THE BUREAU'S WORK, HE WOULD FURNISH IT TO THE NYO. THE MATERIAL CONTAINED IN ITEM FOUR OF MR. ROOSEVELT'S LETTER OF 4/26/54 TO  PERTAINING TO THE FBI'S DEPENDENCE ON OUTSIDERS WAS DISCUSSED WITH MR. ROOSEVELT WITHOUT REFERRING TO THIS SPECIFIC LETTER. MR. ROOSEVELT ADVISED THAT HE HAD MENTIONED SOMETHING SIMILAR TO THIS IN HIS APPEAL FOR FUNDS LETTERS BUT

b6

PAGE FIVE.

THE IDEA HE WAS TRYING TO GET ACROSS AT THE TIME WAS THE IMPORTANCE OF THE PUBLIC REPORTING INFORMATION TO THE FBI AND HOW THE PUBLIC COULD HELP THE FBI BY DOING SO. HE STATED THAT IF HE HAD DONE SO, HE HAD NOT INTENDED TO GIVE ANY IDEA THAT THE FBI WAS SOLELY DEPENDENT ON OUTSIDERS AND THAT IN ANY FUTURE APPEAL LETTER OF HIS HE WOULD CLARIFY THIS MATTER AND CLEARLY STATE HIS IDEA AS RELATED ABOVE. MR. ROOSEVELT WAS ADVISED HIS ENCLOSURES WERE NOT RECEIVED AT THE BUREAU IN HIS LETTER OF 5/9/54 TO THE DIRECTOR. HE STATED HE WOULD FORWARD THEM TO THE NYO. THE NYO DOES NOT CONTEMPLATE ANY FURTHER INVESTIGATION IN THIS MATTER. THE BUREAU WILL BE KEPT ADVISED OF ANY PERTINENT DEVELOPMENTS. DATE: 3/14/55

At 3:20 p.m., March 14, 1955, Inspector V. P. Keay telephonically advised that ARCHIBALD ROOSEVELT, President of THE ALLIANCE, 200 East 66th Street, New York City, had made a statement to the effect that THE ALLIANCE was encouraged by the number of times they were contacted and their library was made use of by Congressional committees and the FBI. Mr. Keay stated that the Bureau was desirous of knowing if we use THE ALLIANCE's library and how much, and if we have regular contact with them.

After checking with Supervisor B. J. Connell I telephonically advised Inspector V. P. Keay at 5:15 p.m. that the New York Office on infrequent occasions contacts ZYGMUND DOBBS, who maintains a library on Communism for THE ALLIANCE.

TO : SAC, NY

DATE: April 7, 1955

FROM : SA DARWIN E. THORNTON (62- 11407)

SUBJECT: ALLIANCE INCORPORATED  
INFORMATION CONCERNING - (INTERNAL SECURITY)

On 4-6-55 ARCHIBALD B. ROOSEVELT telephonically contacted the writer to advise that he was forwarding by mail to the writer some material in letter form which a woman "obviously a nut" had sent to him and asked him to send into the FBI. Mr. ROOSEVELT said that this woman had been attending several of the recent lectures his organization the ALLIANCE had sponsored and because of this apparently felt free to approach him with her request. Mr. ROOSEVELT ~~was~~ said that the woman was obviously crazy and that the writer would see what he meant when he read the material she had sent to him. He said that the writer could do what he wanted with the material but that he did want to be advised that the FBI had received it.

This is to record that on 4-7-55 the writer received thru the mails the material referred to by Mr. ROOSEVELT and upon reading same it was determined that the material in question consisted of two typed letter~~s~~ addressed to Mr. ROOSEVELT and signed by a "[redacted]". These letters were incoherent and written in a disjointed manner. The letters made allegations of a subversive and immoral nature against a number of individuals identified in the letters by only their first names most of whom were apparently woman neighbors of the writer of the letters.

As an example of the content of the letters the following is set forth:

"This is very unpleasant to tell but I told you before and it is important. Secret Police, if I am right and I am sure I am ~~XANS~~ week, not wanting me to recognize them or look at them, stuck out big tongues as far as they would go; so of course I could not look..." and "The obscene facial gesture they have stopped, thank God!...."

This is to note that the above material has been destroyed as the obvious work of an unbalanced mind. Pursuant to the instruction of the writer's supervisor Mr. ROOSEVELT was telephonically advised that the material was received thru the mails.

#### STATEMENT IN SUPPORT

In opposing and exposing the Communist conspiracy, loyal Americans must stand together regardless of race, creed, color and political affiliation. Public opinion, informed by the constitutional inquiries of such bodies as the House Committee on Un-American Activities, will continue the vital process of eliminating Communist influences from our society, yet always holding out to past or present adherents of Communism that they may—by their own free will and action—return themselves to normal relationships with their fellow citizens.

# The Hate Organization Un

By HARRY RAYMOND

Yesterday I found the Alliance Inc. pro-Joe McCarthy organization, which has planned a "welcome to New York" rally Aug. 15 in the Hotel New Yorker for Rep. Francis E. Walter and his House Un-American Committee, ensconced in the swank apartment of Archibald Bulloch Roosevelt, 200 E. 66th St.

Archie Roosevelt, president of the Alliance, was not home when I called. His daughter answered the apartment desk phone, and put me on with a young woman, the family secretary, who told me to "come on up."

Once inside the Archie Roosevelt apartment, I discovered the Alliance was an organization pretty much under Archie's hat. It is operated from a small desk in a room off the main hall.

Archie, the 61-year-old son of the late President Theodore Roosevelt, leader of the hate campaign against his inlaw, the late President Franklin D. Roosevelt, was in his office, 40 Wall St., the secretary said.

But she filled me in on the scheduled McCarthyite rally heralding the Aug. 15-17 Un-American Committee witchhunt into the "broad field" of the Broadway Theatre, TV and radio.

## SPONSORS

The secretary handed me a list of the sponsors of Alliance, Inc. It read like the old list of super-patriots, race-haters and 100-percenters who backed the July 28, 1954, Astor Hotel dinner hailing Joe McCarthy and Roy M. Cohn prior to the fade-out of the pair in public life.

On the list I found the names of Clement Asbury, vice-president-general of the National Society of the Sons of the American Revolution, which is now opposing every freedom the American Revolution stood for; Ward Bond, president of the Motion Picture Alliance, a compiler of the Hollywood actors' blacklist, and such McCarthyites as Mr. and Mrs. J. B. Matthews, Bella Dodd, Victor Lasky and Eugene Lyons.

The list is a long one, McCarthyites all.

Archie Roosevelt's secretary explained the Alliance was a "unique organization" whose primary function was fighting what it called "Communism, Socialism and Statism."

She indicated the "Communism; Socialism and Statism" the group opposed could be found in the

policies of the late President FDR.

The little secretary reached into her files and gave me a copy of a letter sent out last Feb. appealing for funds for the McCarthy group. It told how the group sponsored a series of lectures by Bella Dodd, Frazier Hunt, Gov. Bracken Lee of Utah, Judge Robert Morris of New York, J. D. Matthews and Fulton Lewis, Jr.

In the Alliance's campaign to revive the McCarthyite spirit, I was told, the group published a 49-page pamphlet denouncing Ralph Bunche, Negro leader, director of the Trusteeship Council of the UN and member of the UN secretariat, as a dangerous un-American.

The Archie Roosevelt group is

selling the smear pamphlet against Bunche at \$1 a copy.

I asked Archie's secretary what else Alliance, Inc., did. She said it had built a "comprehensive and completely cross-indexed, up-to-date library of records, statements, documents, letters speeches, photographs, reports reference books, news clippings, sworn statements, etc., on the internal Communist menace and its allied aspects."

The "Communist menace and its allied aspects," I was led to understand by the interview and Allied, Inc., literature, was the expression of any point of view in opposition to the McCarthy platform of denunciation and smear of progressive American thought and action.

Archie's daughter, a tall sad-eyed woman came out to see me before I left. I told her I had served during World War I with her uncle Quentin Roosevelt in the First Pursuit Group, Air Service, that I was with him a few hours before he was shot down during the Second Battle of the Marne.

She seemed interested in the story. But she said nothing. She just looked at me with sad inquiring eyes. As I went down in the elevator I thought: What a difference between the two brothers, Quentin as I knew him in France, was a man who stood for the best principles of American democracy. Archie today is an underminer of that tradition.

Committee for Protection of Foreign-Born, led a picket line of approximately 250 persons, who picketed the south and west sides of the Hotel New Yorker, between 7:30 and 8:30 PM, where representative FRANCIS WALTER was appearing at a rally held in his honor by Alliance Incorporated, which is headed by ARCHIBALD B. ROOSEVELT, with headquarters at 200 East 66th Street, NYC. Approximately 50 signs were carried by the pickets. Some of the slogans included were "Repeal the McCarran-Walter Law" and "Witch-hunters Go Home". The pickets intermittently chanted slogans which included "The People Censored McCarthy-Walter Must Be Next" and "Hey Walter You've Got To Go".

An elderly crippled man marched among this group with a placard reading: "Moscow Lovers Thank The Lord That You May Picket. Picketing Lines Are Unknown In Your Beloved Russia. Nuff Sed".

The north side of the 8th Avenue entrance of the Hotel, during this same period, was picketed by a group of approximately 30 people, representing "The United Americans Against Communism", carrying American flags and placards reading "Colored TV Yes Red TV No" and "New York Needs And Welcomes The Walter Committee".

# McCarthy Was / But He Got the C

By VIRGINIA CARDNER

By the time Rep. Francis F. Walter (D-Pa) took the microphone at a welcome rally by Alliance Inc. in the New Yorker Hotel, Joe McCarthy cheered at every mention, the meeting at the Samson restaurant and

McCARTHY

... present in spirit ...

And Roy Brewer of Hollywood had blandly set the Un-American Committee its task — to "do the same as the committee did in Hollywood."

Walter complained that "everything has been said." Somewhat ruefully he declared: "After all these stirring messages, about the only thing I can add is: 'Who promoted Peress?'" Even though he didn't mention McCarthy, that endeared him to the audience, and they rapturously applauded.

"Who promoted Peress?" was one of the themes most frequently sounded at the big pro-McCarthy rally staged in Constitution Hall in Washington last November.

Then, warming to his role of ~~know~~ are members of the Communist Party talking to witnesses abused hero, the same role McCarthy played at the Washington rally, Walter mentioned the picket line outside the hotel. He was used to being intimidated, he said.

Then all the gentle-looking elderly women and the men in elegant summer suits and the younger women in fashionable sheers just about cracked a rib at Walter when he told a story reminiscent of the kennel story of Secretary of Defense Charles Wilson.

The pickets who were shouting at him to "Go Home" reminded him, Walter said, of the sweet old Quaker lady who was hit by a truck and, picking herself up, listened to the abuse of the truck driver, then said: "I trust that when thee returns to thy kennel this evening thy mother will bite thee."

He told how he had dodged "2,000 howling" pickets in New York by arriving a day later than his subcommittee. He said, while the big flower on the bosom of the middle-aged woman on my right heaved with sympathy, "It is not easy for us. It is not easy for us to sit there and see attorneys we

know are members of the Communist Party talking to witnesses . . . It is not easy for us not to express ourselves."

He thought the courts "have leaned over backwards" in their interpretation of the Fifth Amendment. And he promised that "the Supreme Court will pass on whether some of the witnesses today had the legal right to take the Fifth."

Still, all this was pretty mild stuff for an audience which had hollered and cheered and shouted "No" when Gardner Osborn, chairman of American Coalition of New York, asked, "Is Joe McCarthy out of business?" And had gasped when Roy Brewer said "Moscow gold" was poured into Hollywood. It wasn't quite up to the devastatingly refined accent of Buckley, a matinee idol type young man, who was described by the graying haired matron on my left as "a

WALTER

. . . present in fact . . .

master satirist" as she waved a small American flag passionately.

#### ATTACKS PRESIDENT

In bored tones Buckley asked why it should surprise them that an "anti-Communist liberal" like John Crosby, Herald-Tribune TV columnist, should oppose blacklists when "so little time has elapsed since we contemplated the public intimacies of the President of the U.S. and the chieftains of the Soviet Union."

"We see the President serenely chatting with the Soviet chieftains not six months after he implacably refused to entertain a 'United States Senator,' he went on. And lugubriously he added, to the delight of the woman with the flower and the woman with the flag, 'We may be witnessing one of the final anti-Communist demonstrations. . . .' But the men in the back row wearing little Legion caps stared solemnly ahead.

Walter not only ignored the actual subject of McCarthy, he paid only scant notice to Roy Brewer's all-too-clear outline of the anti-labor nature of the current hearings, beyond saying, "You know the committee has been looking into labor" and its "infiltration" by Communists.

But he felt it safe to discuss the Summit meeting—in the following, Walter version of statesmanlike terms: "That meeting at the Summit—that meeting produced nothing."

#### SENATE "CELL"

And he promised, as a final filip of the evening, that his committee, just as soon as they gathered the material to prove it, would hold hearings on how a "cell" had operated "in the U. S. Senate," how a "cell" had flourished right in the National Labor Relations Board, and in the War Labor Board. He didn't say when. Later he told reporters well it wasn't in the

(Continued on Page 3)

## McC. Won Cheers at Rally

(Continued from Page 2)

Sense itself but among employes.

He failed to say that he would explore a "cell" in the White House itself, despite all the evidence of the Summit meeting which so pained all present.

The tone of the meeting as a whole was a little less boisterous than parts of the big McCarthy rally in Washington, and a scant 1,000 persons were in the New Yorker's grand ballroom, fewer by far than the Constitution Hall

turnout.

When Osborn, master of ceremonies, introduced the full membership of the pro-Walter picket line, which may have not been noticed by Rep. Walter in his concern over the 500 anti-Walter pickets, the entire 31 marched up the aisle, bearing placards or holding aloft little flags.

But while the woman with the flower whispered, "You know, that took courage, because there were some rough characters in that other line," the applause was much more tepid than it was when the name of their hero, McCarthy, was evoked.

Roy Brewer former West Coast representative of the International Alliance of Theatrical and Stage Employes, and spearhead of the employers' Motion Picture Alliance, was careful not to mar the tone set by Archie Roosevelt, millionaire head of Alliance Inc., which organized the meeting.

To hear him talk, almost altogether in two-bit words, you'd never know Brewer had been pals with the notorious Willie Bioff and George Browne, who openly had associated with the Capone gang in Chicago, before they were imported to Hollywood and had a prominent part in the IATSE leadership.

All of this, naturally, was passed over by Brewer—as well as the actors' fear that IATSE would take over their union, as it did one of the 10 groups in the entertainment field. It was IATSE and the ~~sewerers~~ who did most to break a militant Hollywood strike.

Enclosed is a schedule of the new lecture series planned by The Alliance. We hope that you can attend them.

We feel that these lectures are of great importance. We have a group of real Americans who are experts on knowing how Communist and Socialist doctrines have undermined those in high places in the United States. By those in high places, we mean those who support the foundations which abuse their tax exempt privileges to promote left-wing ideas; those who are in business and looking for government contracts; those college professors and camp supervisors who have great influence on the youth of this country, and those who think it is fashionable to follow what is wrongly termed the "liberal" line.

We must always remember that the pressure on all these people to swim with the tide is very great, not only from social but business angles. We feel, therefore, that it gives encouragement to have the like-minded people come and get information and facts to use as arguments on our side.

The lectures will be a success if you not only come yourself but try to bring friends each time. It is only by people like you getting together and fighting the trend that we can save the Republic from tyranny and bolshevism.

SUPERVISOR WARREN MARCHESSAULT, #7

INDEPENDENT SOCIALIST LEAGUE,

Re previous memoranda having reference to our attempt to secure a copy of the ABC OF MARXISM in accordance with Bureau request.

At 3:40 PM, on 6/15/56, I telephonically communicated with Mr. JOSEPH SULLIVAN of the Bureau concerning this matter and advised him we made several attempts to secure this publication without results. I pointed out that there was one other possibility of securing it, namely, from the Library of the Alliance, Inc., which is maintained by ZYGMUND DOBBS. I then referred Mr. SULLIVAN to Bulet dated 3/18/55, entitled, ALLIANCE, INC., INFORMATION CONCERNING IS, in which the Bureau instructs that the NYO was to discontinue further contacts with the Library and in the event an occasion arises in which we consider it essential to contact this library in the future, we should secure Bureau approval. I pointed out to Mr. SULLIVAN that we have exhausted every other possibility and in view of the importance of securing the document it was possibly desirable to contact Mr. DOBBS to see if it was in the possession of the ALLIANCE, INC. Mr. SULLIVAN stated he would check into the matter and advise us. At 1 PM, on June 21, 1956, Mr. FRED BAUMGARDNER of the Bureau telephonically communicated with ASAC MOORE and advised him that we should contact DOBBS for the indicated purpose. He also requested that we telephonically furnish the results to the Bureau.

Rebuairtel, 10/22/56, instructing that ARCHIBALD B. ROOSEVELT be interviewed concerning his use of the name FBI in connection with Alliance, Inc.

Mr. ROOSEVELT was interviewed on 10/24/56, by SAS DARWIN W. THORNTON and MAURICE P. LEEN at his offices at 40 Wall St., NYC.

The Bureau's concern with the use of the initials FBI in the context where the public might infer FBI support was pointed out to Mr. ROOSEVELT, and he said he appreciated and understood the Bureau's concern in this matter. He stated that he himself had prepared the letter in question and advised that in the future he would be very careful not to use the initials FBI in any of Alliance, Inc., materials.

1. A yellow leaflet for use in purchasing booklets.
2. A program of the lecture series to be sponsored by ALLIANCE, INC., starting 10/30/56.

The Bureau's attention is directed to previous correspondence between the Bureau and New York, wherein ARCHIBALD B. ROOSEVELT, President of Alliance, was contacted concerning the jurisdiction of the FBI. Contact with ALLIANCE, INC. has been limited by the Bureau because of the use of the name of the FBI by ARCHIBALD B. ROOSEVELT in connection with the solicitation of funds. The files of the NYO reflect that under date of 6/26/56, [redacted] was contacted in connection with the investigation of the INDEPENDENT SOCIALIST LEAGUE, IS-L, after Bureau authority was granted.

Bureau requested to advise if it desires NYO to contact ROOSEVELT to point out to him that he must cease using the name of the Bureau in soliciting funds.

ReNYairtel to the Bureau, 10/16/56, which forwarded copies of three items of literature put out by Alliance and made specific reference to the use of the initials "FBI" in Alliance literature. NY airtel to the Bureau, 10/24/56, advised the Bureau of an interview of ARCHIBALD B. ROOSEVELT had on 10/24/56, in which ROOSEVELT was informed of the unauthorized use of the initials "FBI" and in which he promised not to use the word in future literature.

On 12/9/56, NYO received mail from "The Alliance Inc. 200 East 66th Street" consisting of the same three items previously furnished to the Bureau. In "A Report to the Friends and Supporters of the Alliance, Inc.," paragraph nine re SYMOND DOBBS appears the word "FBI" used as before.

It would appear that Alliance continues to use the literature Mr. ROOSEVELT was interviewed on and that this interview had no effect on subsequent disseminations by Alliance.

It is suggested that the Bureau might effectively curtail Mr. ROOSEVELT's use of "FBI" in Alliance literature by addressing a letter to him, pointing out in a more official way the Bureau's attitude in this matter.

Since the Bureau received copies of Alliance literature by NY airtel of 10/16/56, no copies will be forwarded herewith but will be filed in the exhibit section of NY file on Alliance.

ReBulet to New York dated August 15, 1958.

Enclosed herewith is one copy of the booklet entitled "Red Intrigue and Race Turmoil" by Zygmund Dobbs, research director, Alliance, Incorporated, 200 East 66th Street, New York City. No official contact was made with this organization in making this purchase.

✓ For the information of the Bureau, it was learned, under suitable pretext, that the 200 East 66th Street address is merely a cover one. That is the apartment residence of Archibald B. Roosevelt. ✓ The office and library of Alliance is actually located in the rear of 131 East 64th Street, New York City. Mr. Dobbs made the sale of the booklet and volunteered the information that this arrangement was made in order to avoid trouble for Alliance from its "enemies." He explained that this is the reason there is no address or telephone listed for the organization. He stated they are now operating "underground."

May 10, 1954

I know from the fact that you attended the meeting at the Roosevelt Hotel for the Bricker Amendment, that you are as disturbed as I am at the trend in this country towards a dangerous type of internationalism and complete control of our lives by bureaucracies.

With this in mind, a small group of us some time ago began holding meetings to see what we could do within our limited means. After much discussion, we decided that one of the greatest handicaps of the anti-communist forces was the lack of factual information. For this reason a little corporation called "The Alliance" was formed. An office was rented on the lower East Side, an expert on communism temporarily volunteered his time and one of the largest libraries of communist and socialist literature was assembled.

To date we have accomplished the following:

1. With the data assembled, we have furnished vital information to the Circuit Riders, a group of patriotic Methodists, fighting the Left Wing infiltration into their church. In this connection, we furnished ex-communist witnesses, as well as hundreds of documents for the testimony before the Velde Committee.
2. We furnished facts, as well as a key witness, to oppose the nomination of Mr. Conant as U. S. High Commissioner to Germany.
3. We organized the Roosevelt Hotel meeting for the Bricker Amendment and furnished speakers for it.
4. We alerted officials of the State Department of a very dangerous link in their chain of personnel. Unfortunately the State Department, in common with other executive departments, is still heavily infiltrated with extreme Left Wingers. With this information in hand for over a year, nothing has been done except to advance the security link in question to a more important position. This strengthened our belief that the best way to eliminate subversives in Government was by the painful, slow, and public method of exposure through Congressional investigation. For this reason we directed our efforts to an appraisal of Congressional Investigating Committees, and also a study of the

F.B.I. To our astonishment, we found that both the F.B.I. and the Congressional Committees could do but a portion of the preliminary work themselves. They depend on outside individuals and organizations for most of their leads. They evaluate and file all such information and only continue their own investigations when they decide that the matter is worth the time and effort.

5. The Alliance has been able to supply material not only to those mentioned above, but to many other organizations and individuals. It has supplied speakers and has helped organize anti-communist meetings. It has furnished data which was used in issues which commanded national headlines. It operates as an aid group, and does not try to either run or take over other organizations or movements.

The Alliance, a non-partisan organization, has furnished all of the above services entirely free of charge. It has been able to do this because a very small number have supplied all the funds and most of the actual work has been done on a volunteer basis. We provided all of these services on a very modest budget. But now, the budget has become too small for our operations and too heavy a burden for the few who have carried it up to date.

For this reason we have decided to appeal to a limited group for financial support. We shall be glad to receive any contribution, no matter how small. Unfortunately The Alliance is not tax exempt. If you contribute, I shall see to it that you will, from time to time, get a report as to how the money is being spent. If you wish any more details please drop me a line and I or someone else familiar with the problem will get in touch with you personally. Please make out your check to "Alliance, Inc." and send it to me at the above address.

Sincerely yours,

*Archibald B. Roosevelt*

For this reason a little corporation called "The Alliance" was formed. An office was rented on the lower East Side, an expert on communism temporarily volunteered his time and one of the largest libraries of communist and socialist literature was assembled.

To date we have accomplished the following:

1. With the data assembled, we have furnished vital information to the Circuit Riders, a group of patriotic Methodists, fighting the Left Wing infiltration into their church. In this connection, we furnished ex-communist witnesses, as well as hundreds of documents for the testimony before the Velde Committee.
2. We furnished facts, as well as a key witness, to oppose the nomination of Mr. Conant as U. S. High Commissioner to Germany.
3. We organized the Roosevelt Hotel meeting for the Bricker Amendment and furnished speakers for it.
4. We alerted officials of the State Department of a very dangerous link in their chain of personnel. Unfortunately the State Department, in common with other executive departments, is still heavily infiltrated with extreme Left Wingers. With this information in hand for over a year, nothing has been done except to advance the security link in question to a more important position. This strengthened our belief that the best way to eliminate subversives in Government was by the painful, slow, and public method of exposure through Congressional investigation. For this reason we directed our efforts to an appraisal of Congressional Investigating Committees, and also a study of the

F.B.I. To our astonishment, we found that both the F.B.I. and the Congressional Committees could do but a portion of the preliminary work themselves. They depend on outside individuals and organizations for most of their leads. They evaluate and file all such information and only continue their own investigations when they decide that the matter is worth the time and effort.

5. The Alliance has been able to supply material not only to those mentioned above, but to many other organizations and individuals. It has supplied speakers and has helped organize anti-communist meetings. It has furnished data which was used in issues which commanded national headlines. It operates as an aid group, and does not try to either run or take over other organizations or movements.

The Alliance, a non-partisan organization, has furnished all of the above services entirely free of charge. It has been able to do this because a very small number have supplied all the funds and most of the actual work has been done on a volunteer basis. We provided all of these services on a very modest budget. But now, the budget has become too small for our operations and too heavy a burden for the few who have carried it up to date.

For this reason we have decided to appeal to a limited group for financial support. We shall be glad to receive any contribution, no matter how small. Unfortunately The Alliance is not tax exempt. If you contribute, I shall see to it that you will, from time to time, get a report as to how the money is being spent. If you wish any more details please drop me a line and I or someone else familiar with the problem will get in touch with you personally. Please make out your check to "Alliance, Inc." and send it to me at the above address.

Sincerely yours,

*Richard B. Roswell*

I know that you are just as disturbed as I am over the general trend of this country towards Marxism and State Centralization. You probably have had the same feeling of frustration that I have - a feeling that you can do so little to stop the drift to the left.

With this in mind, a small group of us some time ago began holding meetings to see what we could do within our limited means. After much discussion, we decided that one of the greatest handicaps of the anti-communist forces was the lack of factual information. For this reason a little corporation called "The Alliance" was formed. An office was rented on the lower East Side, an expert on communism temporarily volunteered his time and one of the largest libraries of communist and socialist literature was assembled.

# *A Report to the Friends and Supporters of The Alliance, Inc.*

Enclosed with this report, you will find the schedule of The Alliance lectures and names of the speakers for the coming season of 1956-57.

The reasons for starting the lectures were: First, by careful research, to give documentary proof, with full references, on subversive elements and their methods in this country. Two, to make available, free of charge to individuals, organizations, Congressional and Senatorial Committees and investigative bodies, all such information and other information, which they may desire, insofar as our finances permit. Three, to endeavor, by dissemination of various types of information and by personal contact, to get closer co-ordination between the different groups working along the same general lines, throughout the country.

Another reason for having the lectures, was to gather together in one hall as many people as we could, who wish to maintain a Republic and fight against Marxism, centralization, and communism. We felt this to be most important in New York City, as the two big morning newspapers are so extremely to the left that they inevitably limit the thoughts of all of the business and intellectual community in the city.

We also felt that by getting the very best possible talent on our side to deliver lectures on various subjects pertaining to the above, we would be given ammunition to combat those who are simply parroting the words of the Times and the Tribune and their various left-wing friends and advisers, without really thinking. Given sufficiently convincing arguments, many of these people can slowly be convinced of the truth.

Finally, an important concomitant of all of the above, was that we should break even, at the very least, in accomplishing the above schedule.

You, yourselves, can judge as to the effectiveness of the first three points. On the fourth point, I am happy to say that not only did we break even financially on the lectures, but there was a small surplus over and above expenses. This surplus, as in the case of all sums obtained by the Alliance, whether by lectures, sale of pamphlets, or contributions, goes into the research work so as to help others.

I should like to take this opportunity to give you a report on the publications put out by The Alliance. Really, these publications are the result of research work, and perhaps discussion of this phase of our work should come first as it is the most important.

Attached to this letter, along with the lecture program, is a list of the books and pamphlets that have been produced by the Alliance as well as their prices and how they can be obtained. When we say that these are the result of the Research Department Study, we have only given you about half of the story. Our pamphlets usually develop from an impetus coming from the outside. Some individual, or group, or governmental source suggests that the Alliance make a study on some particular subject—for instance, on Ralph Bunche, Immigration, etc. After a great deal of thought by the Directors of The Alliance and its research staff, the most important subject is taken up. We do not have the time to answer all the requests for all the studies at one time, nor will we ever have sufficient facilities to do so without a Ford Foundation to back us. After the subject has been decided on, an extensive research work is started. We have an experienced staff of about five to which we add or subtract depending on what the subject may be. Some of these subjects take six months or even a year. Some of them will only take a few days. After the study has been made, we put all of the data in a separate file. We then get together and decide whether the subject is of sufficient interest and importance to publish and place on sale. This is how the enclosed list of publications came to be put out and sponsored by The Alliance.

In giving you a description of the pamphlets, I have told you just about all that you would wish to know about our research work. However, I should like to add a few details. Mr. Zygmund Dobbs is in charge of the research work. He has considerable experience during the last twenty years in studying, investigating and doing research on subversives for the F.B.I., the Immigration Services, the City of New York, and many other institutions and organizations.

To understand the machinations of our enemy, the communists and their followers, it is necessary to have one who has been through the mill. We have been fortunate enough to obtain the counsel of Manning Johnson, a former high-level communist functionary, who understands the red menace from bitter experience. Besides that, we have a devoted staff of volunteers and paid people who act as assistants in various capacities.

A group of good friends of the Alliance clubbed together and leased office space for us in the basement of a private house. Here we do the work and keep our records. Previously, all records were kept and all work was done either at my apartment or in an apartment on the private property of Mr. Dobbs. At present, all of our research work has been transferred to the new office, and our research staff is housed there. All of the organizational work is still done at my apartment, 200 East 66th Street. The latter makes it a bit crowded and difficult but we have so many other uses for such money as comes in to The Alliance that we cannot see how, at any time in the foreseeable future, we can afford an office large enough to house both parts of the Alliance.

For your information, we are enclosing a description and price list of the pamphlets which we have published, and are still available. It may interest you to know that we have printed and distributed the following:

After the subject has been decided on, an experienced writer will write the pamphlet to which we add or subtract depending on the subject. Some of them will only take a few days to write. Some will take a month. Some of them will only take a few days to write. Some will take a month. We then get together and decide whether the subject is of sufficient interest and importance to publish and place on sale. This is how the enclosed list of publications came to be put out and sponsored by The Alliance.

Mr. Zygmund Dobbs is in charge of the research work. He has considerable experience during the last twenty years in studying, investigating and doing research on matters for the F.B.I., the Immigration Services, the City of New York, and many other institutions and organizations.

The latter makes it a bit crowded and difficult but we have so many other uses for such money as comes in to The Alliance that we cannot see how, at any time in the foreseeable future, we can afford an office large enough to house both parts of the Alliance.

To give you more information we are enclosing a description and price list of the pamphlets which we have published, and which we have found of interest and importance to a free printed and distributed the following:

DISTRIBUTION BY FRANK ROOSEVELT	3,000
PROSECUTION & SENATOR McCARTHY by Kornfeder (supply exhausted)	7,000
"CONQUEST VIA IMMIGRATION"	10,000
"MANUAL FOR AMERICAN ACTION"	5,000

The distribution of these pamphlets has been done in various ways. You can be assured, however, that none of them have been given away free of charge except with a definite purpose. Every large distribution has either been financed out of the sale of previous pamphlets, or some group of people have gotten together and given money with a specific purpose. One individual gave enough money to distribute the pamphlet to all members of Congress and another gave sufficient money to distribute pamphlets to every daily newspaper in the United States.

In closing, I wish to say that the Alliance is happy to supply you with an excellent group of speakers for the coming 1956-57 season, and trust that we will be even better able to use your money in distributing the necessary facts and in helping other groups to get together to fight the growing menace of communism, socialism, absolutism and efforts of foreign forces to overthrow our Republic and put in its place big government by an all men.

Sincerely yours,

Archibald B. Roosevelt

Dear [REDACTED]

I know from the fact that you attended the meeting at the Roosevelt Hotel for the Bricker Amendment, that you are as disturbed as I am at the trend in this country towards a dangerous type of internationalism and complete control of our lives by bureaucracies.

With this in mind, a small group of us some time ago began holding meetings to see what we could do within our limited means. After much discussion, we decided that one of the greatest handicaps of the anti-communist forces was the lack of factual information. For this reason a little corporation called "The Alliance" was formed. An office was rented on the lower East Side, an expert on communism temporarily volunteered his time and one of the largest libraries of communist and socialist literature was assembled.

To date we have accomplished the following:

1. With the data assembled, we have furnished vital information to the Circuit Riders, a group of patriotic Methodists, fighting the Left Wing infiltration into their church. In this connection, we furnished ex-communist witnesses, as well as hundreds of documents for the testimony before the Velde Committee.
2. We furnished facts, as well as a key witness, to oppose the nomination of Mr. Conant as U. S. High-Commissioner to Germany.
3. We organized the Roosevelt Hotel meeting for the Bricker Amendment and furnished speakers for it.
4. We alerted officials of the State Department of a very dangerous link in their chain of personnel. Unfortunately the State Department, in common with other executive departments, is still heavily infiltrated with extreme Left Wingers. With this information in hand for over a year, nothing has been done except to advance the security link in question to a more important position. This strengthened our belief that the best way to eliminate subversives in Government was by the painful, slow, and public method of exposure through Congressional investigation. For this reason we directed our efforts to an appraisal of Congressional Investigating Committees, and also a study of the

F.B.I. To our astonishment, we found that both the F.B.I. and the Congressional Committees could do but a portion of the preliminary work themselves. They depend on outside individuals and organizations for most of their leads. They evaluate and file all such information and only continue their own investigations when they decide that the matter is worth the time and effort.

5. The Alliance has been able to supply material not only to those mentioned above, but to many other organizations and individuals. It has supplied speakers and has helped organize anti-communist meetings. It has furnished data which was used in issues which commanded national headlines. It operates as an aid group, and does not try to either run or take over other organizations or movements.

The Alliance, a non-partisan organization, has furnished all of the above services entirely free of charge. It has been able to do this because a very small number have supplied all the funds and most of the actual work has been done on a volunteer basis. We provided all of these services on a very modest budget. But now, the budget has become too small for our operations and too heavy a burden for the few who have carried it up to date.

For this reason we have decided to appeal to a limited group for financial support. We shall be glad to receive any contribution, no matter how small. Unfortunately The Alliance is not tax exempt. If you contribute, I shall see to it that you will, from time to time, get a report as to how the money is being spent. If you wish any more details please drop me a line and I or someone else familiar with the problem will get in touch with you personally. Please make out your check to "Alliance, Inc." and send it to me at the above address.

Sincerely yours,

*Archibald R. Roosevelt*

Dear Mr. Roosevelt:

The enclosed is an estimate of the value that I place upon what your letter of April 26 describes to me. It is merely a token of my regard for you personally. I wish also to indicate I have no doubts as to the integrity of your purpose.

Please do not trouble to acknowledge this letter and rest assured in consideration of enclosed I expect no reports on activities.

I would like to say in this connection that, as you may readily understand, I have been approached for cooperation in different ways and to varying extent. At present my state of mind is one of realization how much should be done and how little I can contribute to what is needed.

In view of this, I hope you will excuse me for seeking to determine with some deliberation how I can best utilize resources and expend efforts. I may be unduly hesitant, but I believe that we should have a minimum number of activities operating in the closest coordination, rather than a whole host of well-meaning groups and individuals causing duplication if not confusion. b6 b7C

I beg you to understand this is a general observation in the broadest sense. It is not in reference to the subject of your letter, as I have no knowledge whatever of it beyond what you have told me.

With all good wishes,

Sincerely yours,

Encl.
